## WHITEPAPER

# WHITEPAPER

## Welcome to the 2.0 Revolution: Wall Street Memes 2.0

**You can see the complete Wall Street Memes 2.0 whitepaper on the website, this contains only information for the City of Memes, the Ethereum and BNB Play-to-Earn Property Simulation Game brought to you by the Wall Street Memes 2.0 Team.**

NOTE: PLEASE SEE DISCLAIMER, NOT FINANCIAL ADVICE.

## City of Memes

City of Memes is a fork of the popular City of Paradies Property Game which has disappeared from the internet as we understand it due to infighting within the original Dev Team. This presented an opportunity to create a fork of that game and provide it to our WSM20 family. Created by our Dev, and modified with the WSM20 look and feel so it integrates seamlessly with the current and future WSM20 offerings.

City of Memes is an Ethereum Play-to-Earn platform in which you can earn daily rewards by playing a property simulation game. At this point we have not integrated the referral system that City of Paradise had, but we may implement that in a future version.

## Property Plans

Elevate your earnings

# WHITEPAPER

Rewards Table:

| Property | $Price | Est. Hourly Return | Est. Daily Return | Days | Est. Total Return |
|----------|--------|--------------------|--------------------|------|--------------------|
| Cottage | 50 | 0.06 USDT | 1.44 USDT | 100 | 144 USDT |
| House | 100 | 0.17 USDT | 4.08 USDT | 100 | 408 USDT |
| Villa | 200 | 0.42 USDT | 10.08 USDT | 100 | 1008 USDT |
| Hotel | 500 | 1.25 USDT | 30 USD | 100 | 3000 USDT |

## Mechanism

Earn passive income : Unlock profits with property on BNB Chain and the Ethereum Blockchain's Play-to-Earn platform!

1. In order to own properties, players need to buy properties and rent land from the governor.
2. The player owns a property on the land and starts generating hourly profits from it.
3. After 100 days the contract ends, the land and properties will be taken over by the governor.
4. To maximize profits, players can buy multiple properties.

Deposits

By clicking on the 'Buy' button, your wallet provider will ask approval to spend USDT token, make sure you make approval in amount of needed by City of Memes (Main Price + Rent Land).

After the approval, wallet provider will ask again for submitting the buy transaction, this procedure will move your USDT balance in amount of (Main price + Rent Land) to City of Memes Smart Contract.

After those 2 transactions are confirmed, your owned properties will shown in your account on City of Memes.

Withdrawls

By clicking on the 'Withdraw' button, wallet provider will ask for withdrawal confirmation, after the transaction confirmed, your money should transferred to your address.

Conditions apply to withdraws is listed below :

# WHITEPAPER

1. Minimum balance to withdraw is 10 USDT
2. Maximum withdrawal 5000 USDT a day
3. Only one withdrawal per day

Upon withdrawal, 10% of the amount will be deducted and distributed as follows:
- System Fee : 2%
- Referral levels 1-3 : 2%
- Referral level 4-7 : 0.5%

WHITEPAPER

## Security Audit

Our commitment to providing our WSM20 Family quality products and safety, our contracts are always verified, and Audited where it makes sense to do so. The original City of Paradise contract which we have cloned for City of Memes went through a thorough crypto security Audit (Reference City of Paradise Gitbook which you can find online),

operations, which can lead to website changes, withdrawal function closes, etc. One always has the option to do this through the contract.  Any concerns about the project themselves need to be raised directly to the project owners and not through Haze Security.

Investors are not in any way obliged, coerced, or influenced to invest in projects audited by Haze Security.  We are not responsible for your funds or guarantee you profits.  We highly recommend that investors do their own research and gain crypto experience before investing

## Conclusion:

The CITYOFPARADISE/CityofMemes (clone) Smart-Contract found no vulnerabilities, no backdoors, and no scam scripts.

The code was tested with compatible compilers and simulated manually reviewed for all commonly known and specific vulnerabilities.

So, the CITYOFPARADISE Smart-Contract is safe for use in the Binance smart chain main network.

Smart contract information:

✤CityOfParadise Clone: CityofMemes
•Contract Name: CityofMemes
•Compiler Version: v0.5.10+commit.5a6ea5b1
•Optimization Enabled: No
•License: MIT license

Contract Overview Checklist
The code was tested with compatible compilers and simulated manually reviewed for all commonly known and specific vulnerabilities.

| Vulnerability description | status |
|---|---|
| Visibility of functions and variables | Passed |
| Compiler error | Passed |
| ROI Investment Plan | Warning |
| Transfer Block | Passed |
| Floating pragma | Passed |
| Timestamp dependence | Passed |

# WHITEPAPER

## High Issue

The system used is called ROI and must be considered HIGH-RISK.
Users' principal deposits cannot be withdrawn; users can get dividends and referral commissions. Dividends are paid from deposits of other users. Do always invest with proper knowledge and investigation.

## Optimization Suggestions

Loop on the dynamic variable (low severity).  If the user gets more parallel deposits, his withdrawal transaction is going to cost more transaction fees because the loop on the dynamic variable is used in the 'withdraw' function.  In case exceeding the GAS limit of the size of the transaction, withdrawal is not possible.

Note: This comment is relevant only if a user creates an excessive amount of parallel deposits (more than 100).

Independent description of the smart-contract functionality
The CITYOFPARADISE/CityofMemes (clone) smart contract provides the opportunity to invest a certain amount of USDT in the contract and gets different daily profit on investment in 100 days if the contract balance has enough funds for payment.

❖ All dividends are calculated at the moment of request and available for withdrawal only once a day.

❖ Each subsequent deposit is kept separately in the contract to maintain the payment amount for each deposit.

FOUR INVESTMENTS PLAN

| Plans | Total Return | Daily Profit | Days | Deposit amount | Rent | Withdraw |
|---|---|---|---|---|---|---|
| 1 | 288% | 2.88% | 100 | 50 USDT | 5 USDT | Every 24 hours |
| 2 | 408% | 4.08% | 100 | 100 USDT | 10 USDT | Every 24 hours |
| 3 | 504% | 5.04% | 100 | 200 USDT | 20 USDT | Every 24 hours |
| 4 | 600% | 6% | 100 | 500 USDT | 50 USDT | Every 24 hours |

❖Users must pay a deposit amount + rent amount to invest in each plan.
For example, a user has to pay 55 USDT to invest in Plan 1, 50 deposit and 5 rent.

# WHITEPAPER

❖The user's daily profit is calculated based on the deposit amount.

## Withdraw

❖The minimum withdrawal amount is 10 USDT.

❖Users can only withdraw once every 24 hours.

❖The maximum withdrawal amount in each transaction is 5000 USDT.

❖ do not hold more than 5000 USDT in available balance, a maximum of 5000 USDT only will be paid to the user.

❖In each withdrawal:

❖90% will be sent to the user's wallet

❖2% will be sent to the owner's wallet

❖ 8% will remain in the contract (This 8% is given to referrers as commission)

Referral System (Match Bonus)
The contract pays an 8% referral commission on daily profit over 7 levels:
   • Level 1:        2.0%
   • Level 2:        2.0%
   • Level 3:        2.0%
   • Level 4:        0.5%
   • Level 5:        0.5%
   • Level 6:        0.5%
   • Level 7:        0.5%

## Notes:

•The referrer is specified once at the time of the first deposit and is assigned to the user without the possibility of changing. From each withdrawal, the referrer will get his percentage.

•The referral profit is based on the users' daily profit, and during withdrawal, the referral profit is transferred to the uplines according to the specified percentages.

## Disclaimer: Not Financial Advice

Hold onto your moon and mars boots, fellow members! Before we embark on this wild ride with Wall Street Memes new and improved true memecoin (WSM20), let's take a moment to remember that the cryptocurrency market can be as volatile as a bull in a china shop. While we're all about spreading fun, laughter, unity, community, and the strength of memes, it's essential to acknowledge the risks involved.

First and foremost, please remember that WSM20 is not your financial advisor. We can't guarantee astronomical gains or predict the future of the market. Investing in cryptocurrencies is like riding a rollercoaster - thrilling, unpredictable, and sometimes stomach-churning. Only invest what you're comfortable with losing, because, hey, memes may be powerful, but they're not a get-rich-quick scheme.

Furthermore, the crypto space can be a breeding ground for scammers and fraudsters lurking in the shadows. Watch out for impersonators, rugpulls, and suspicious schemes claiming to be associated with WSM20. Always double-check official channels and resist the temptation to fall for fake promises. The sad reality of the crypto space is that the scammers are relentless, tech savvy and most would happily steal their grandmother's last nickel without any remorse whatsoever, so be super careful and diligent. Above all, never give out your wallet secret phrase, nobody but a scammer will ask you for that. That is yours and yours alone, the instant you share it, your funds are gone, no question, and you'll never get them back.

Keep your meme shields up and stay informed about the latest updates and developments.

In summary, Wall Street Memes 2.0 is just a memecoin, not any exhilarating project that aims to reshape the world of finance with the power of memes. However, just as memes can go viral or fade into oblivion, the value of cryptocurrencies can fluctuate wildly. So buckle up, do your own research, and join us on this incredible journey with caution, a sense of humour, and a keen eye for opportunity, enjoy the ride although no doubt, it'll be a bumpy one!

# WHITEPAPER

Let's show the world what the meme community is capable of! Together, we'll weather the storms and create a new era of meme greatness. Get ready to meme 2.0 your way to the Moon, Mars and beyond! Eat this one up Elon!!
